Come celebrate Asteroid Day at the National Atomic Testing Museum!

Asteroid Day is June 30th. The museum is featuring a fascinating lecture by popular TV personality and Space Scientist Ben McGee at 7:00 pm. During *Nukes & Asteroids*, Ben will discuss the landmark program that helped reveal the true impact of asteroids.

NATIONAL ATOMIC TESTING MUSEUM

IN ASSOCIATION WITH THE SMITHSONIAN INSTITUTION

Asteroid Day is a "global awareness movement where people from around the world come together to learn about asteroids and what we can do to protect our planet." Notable people who have signed the 100x Asteroid Declaration include Bill Nye, Peter Gabriel, and Sir Crispin Tickell.
